Our Harvest of the Month is APPLES!!!

We will be featuring Connecticut Grown Apples this month in our Cafeteria.

3 easy ways to get your kids to eat Apples:

- Slice apples and dip them in cold water with a little bit of lemon juice (to prevent them from turning brown), and leave them out on the table after school. Kids are much more likely to eat cut up fruit than whole fruit. For a little extra protein, make a dip with 1 cup Vanilla Greek Yogurt, 1 tsp Cinnamon and a Tablespoon of Honey.
- Peel apples and slice in half then remove the core leaving a well in the middle of the apple. Place apples cut side up on a cookie sheet with a tsp of butter and a sprinkle of cinnamon and brown sugar in the middle well. Bake for 15 minutes. For a special treat, add a marshmallow after baking and broil for 1 minute until marshmallow begins to brown.
- Put peeled sliced and cored apples in a crockpot with a TBSP of Cinnamon. Cook on low for 8-10 hours and mash or puree in blender. Serve warm topped with Granola
